LZRTECT™ ENCLZR

**Protect operators and bystanders
from hazardous laser emissions.**

FULL PROTECTION | ZERO COMPROMISE

MODULAR LASER SAFETY ENCLOSURES BUILT FOR INDUSTRIAL DEMANDS

WWW.SHAVERINC.COM

WHY SAFETY CAN'T WAIT

**Laser welding is fast and precise
but dangerous.**

Modern laser welding poses risks from scattered radiation to heat, UV light, and debris. Facilities need solutions that keep operators safe while maintaining workflow efficiency.

MEET THE: **LZRTECT™** **ENCLZR**

**360° FULL
PROTECTION**

Engineered to Contain. Designed to Adapt.

The LZRTECT™ ENCLZR is a modular, high-performance enclosure that blocks laser hazards on all sides. It's fast to set up, easy to adapt, and built to keep your team safe no matter the environment.
